5. Items for discussion

\* Universal City/Cahuenga Pass proposed development

David Schlesinger is to pursue getting additional details about the development; Maurice \_\_\_\_\_ is to pursue having a member of Universal Development Neighbors(?)/Communities in Support of Smart Growth to attend Monday's meeting

[Did we vote on this? I think we did. It was a voice vote with none opposed.]

\* Hollywood Farmers' Market changes and restrictions proposed [90-day continuance in effect]

Jared \_\_\_\_\_ of the Market reported that bi-weekly talks between the Market and the Film School have been set up. The market is to look into possible adjustments to the layout, and the Film School is to look into possible renovation solutions to the parking garage partial blockage. He will keep us informed.

\* New Los Angeles Zoning Ordinance Changes ["LA Neighbors" suit]:

Cary Brazeman reported on the progress of the LA Neighbors suit and negotiations with the City over the Core Findings Ordinance. As to the Findings, the City has made certain changes to the proposal in response to LA Neighbors, but concerns remain and LA Neighbors is working on a response to the City revisions. As to the lawsuit, there has been no City response yet.

[My notes are confused: is the suit over the Overlay plan ordinance? It's not about the Core Findings, right?]

\* LA City Planning Department Blueprint [Organizing to "do more with less"]:

brief discussion, no action taken.

6. L A City Planning Department Zoning system:  
[Did we even talk about this? Nothing in my notes.]
