

# About Blink Mobility

A Subsidiary of Blink Charging

# Electric Car Sharing

BlueLA powered by Blink Mobility, a subsidiary of Blink Charging, is a community station-based, all-electric car sharing service in Los Angeles. The mission is to make electric vehicles available to anyone over 18 years of age with a valid driver's license.

## Membership Types

### Community Membership

Available to income-qualified members to access the program's full EV Rental at a reduced \$1 per month and reduced usage fees.

### Standard Membership

Only \$5 per month, the Standard membership unlocks access to full EV rental fleet with low usage fees.

## Westlake

## Koreatown

# Pico-Union

## Downtown LA

## East Hollywood

## Echo Park

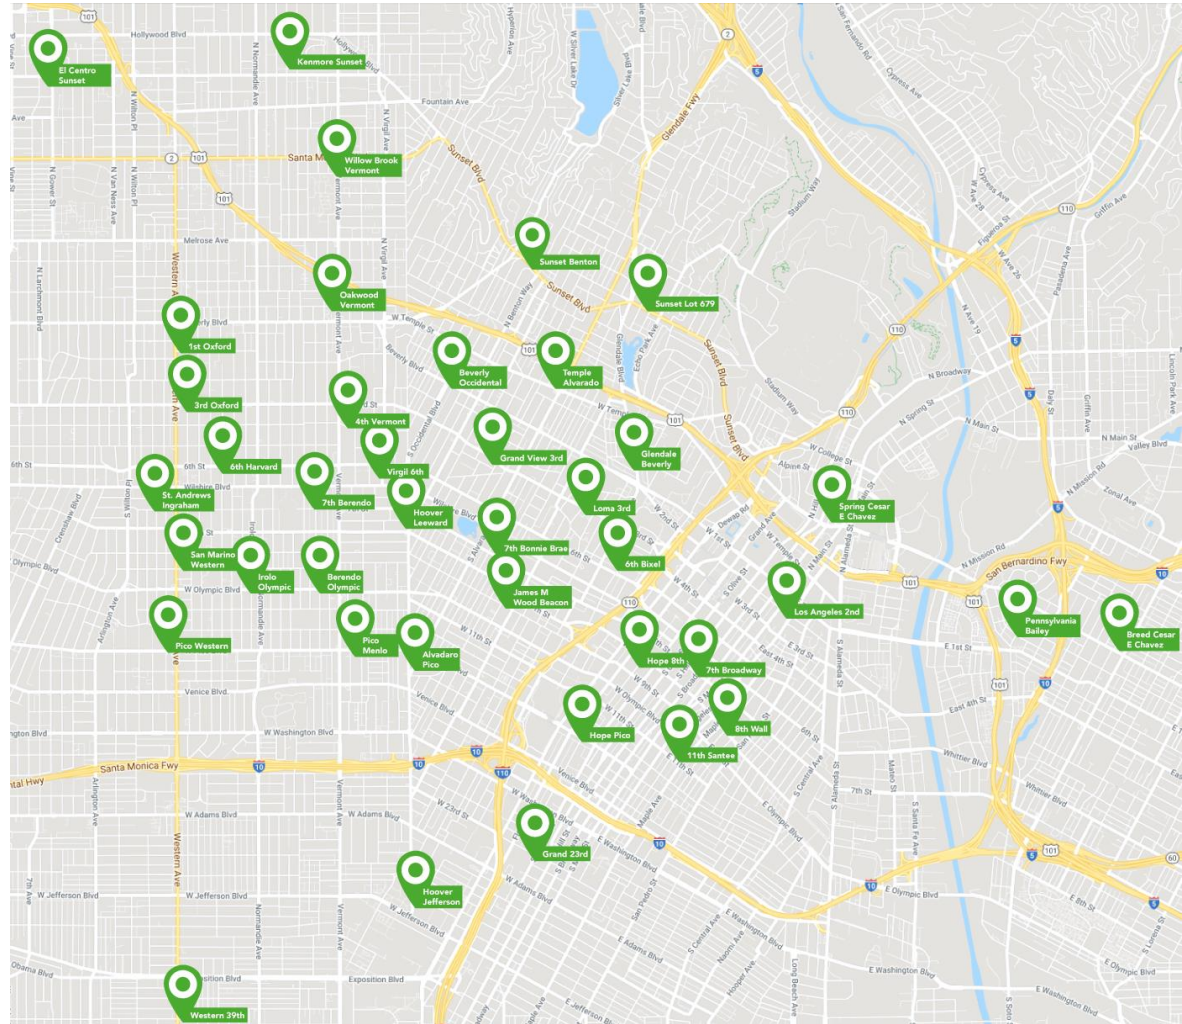

# Boyle Heights

## Chinatown

USC

LACC

LATCC

# Electric Vehicle

BlueLA powered by Blink Mobility  
Utilize the 100% electric Chevy Bolts

Thanks to a recent price cut, the Chevrolet Bolt is the cheapest EV in the U.S. market, with a suggested retail price of \$27,400.

## Chevy Bolt Features

Driving Range: 259 EPA est. miles

Brakes: Regenerative braking ABS

# Charging Stations

BlueLA powered by Blink Mobility utilizes Blink IQ 200 chargers at every charging station.

The Blink IQ 200 chargers are the fastest Level 2 AC charging stations available, producing 80 amps of output, providing approximately 65 miles of charge in an hour.

# Expansion

In the next year Blink Mobility will:

Add 300 street side EV chargers

Expand in 60 destinations across the city

Add 200 electric vehicles

## A Community Partnership

Project implementation and outreach efforts are supported by the LA Mayor's Office of Sustainability, Mobility Development Partners, and a committee of community-based organizations.
