General Manager Message

Dear Hollywood United Council leaders,

With over half of 2022 over, the COVID-19 pandemic continues to evolve, and transitions are eminent at City Hall over the next few months, neighborhood councils are providing needed services to the people of the City of Los Angeles. You have ensured that the families in the communities you serve have access to safe, local activities during the summer— outdoor movie nights, art events - and are helping people know how to stay cool, to name a few. You are amazing people.

We hope you enjoyed your celebrations of Muslim-American Heritage Month! Los Angeles is home to one of the largest communities Muslim communities in the United States. We are hopeful Congress will move forward with their effort to designate July as Muslim-American Heritage Month as an opportunity to honor and thank the Muslim-Americans making history every day.

I offer my personal congratulations to Commissioner Ray Regalado and Joy Atkinson for their election as President and Vice President, respectively, of the Board of Neighborhood Commissioners (more below). We salute Commissioner Eli Lipmen for his three terms serving as president, especially during the last two years of the Pandemic. Also, on behalf of the EmpowerLA we express our appreciation to Commissioner Vo-Ramirez for her service to the Commission. Your most recent effort as co-chair of the Code of Conduct Policy Ad Hoc Committee is testimony to your valuable service and leadership to the Neighborhood Council System. Thank you Eli and Quyen!

The Empowered Virtual Governance Readiness Survey reported the most successful number of responses of any survey conducted by the Department. Over 580 responses were received from 96% of neighborhood councils participating. ***The Department appreciates the confidence you have shown in us during this process.***

As you may know, the Department has absorbed the renewal cost of your base Zoom license for this period only (through April 2023). *Making the governance of your virtual meetings easier for you is important to us* (see administrative services section below).

As we closed the last fiscal year, we reviewed your successful administration of virtual meetings. Close to 140,000 people participated in meetings supporting the neighborhood council system. Additionally, over 1,000 community impact statements were filed, which exceeds our goal for the prior fiscal year. We are proud to support your work and look forward to a great 2022-2023.

Respectfully,

Raquel Beltran
General Manager

COVID Updates

Neighborhood Councils continue to be required to hold meetings virtually. This rule was adopted by the Board of Neighborhood Commissioners earlier this year and is reaffirmed each Commission meeting.

The City Council adopted two ordinances at the beginning of the COVID-19 Pandemic. [Council File: 21-0921 - Ordinance 187134](#) COVID-19 Vaccination Requirement For All Current And Future City Employees. The second, [CF 21-0878, Ordinance 187219](#) Proof Of Full Vaccination With A Covid-19 Vaccine Required To Enter Certain Public Locations (effective November 8, 2021).

We considered the implications of Los Angeles Municipal Code Section 200.120 et seq (Vaccine Required To Enter Certain Public Locations) for in-person neighborhood council board and committee meetings. The corresponding Ordinance No. 187219 provides a definition of City facility. It includes **the indoor portion of any building, structure, or premises belonging to or under the control of the City**. Since a Brown Act meeting is considered to be under the “control” of the City, all requirements of the Ordinance will be applicable to NC meetings, even private facilities.

The control applies to the duration of the meeting, including use of the space for pre- and post- meeting preparations. Therefore, if it becomes possible for neighborhood councils to hold in-person board or committee meetings during the time Ordinance 187219 is in effect, the location where the meeting is held would fall under the same vaccination protocols as a City Facility.

At this time, the department continues to be a telework Department. The downtown and Van Nuys offices are closed to the public.

EmpowerLA Updates

Administrative Services Division:

Staffing Update:

The Department is pleased to announce the filling of the Senior Systems Analyst position. Please join us in welcoming Wendy Edison. Wendy most recently worked for the City of Los Angeles General Services Department as a training coordinator, security coordinator, and project manager on several of the City’s most essential systems. She has over 15 years of experience with the City and we are excited to bring her on board to assist with the variety and vast scope of the department’s technology needs.

Zoom payments update: Dept will pay for 1 base license per NC

Thank you for your patience as the Department has continued to investigate the appropriate financial processes for Neighborhood Council boards to acquire additional Zoom licenses and reimburse the Department for the original prepaid annual license. Unfortunately, as the fiscal year drew to a close in June

2022, we were unable to nail down the process with the NC Funding Program and Controller's Office, and continue to investigate this topic.

As such, and because many of you had voted to reimburse the Department prior to the close of the fiscal year, we have decided to absorb the cost of the renewal for 1 license per NC from **April 2022 through April 2023**. To answer a question some NCs have asked, you will not need to reimburse us for this expense.

However, if you wish to purchase additional licenses in this new fiscal year (each license is estimated at approximately \$200), please contact your NEA, and we will work with you to purchase the license and arrange for reimbursement once the process has been confirmed. As a note, you can assign a different administrator for each board-approved license ordered from the Department.

In addition, starting in 2023, the Department will be reaching out for reimbursement of the original license purchases (1 per NC) for the period to cover **April 2023 - April 2024**.

Job Calls

NEIGHBORHOOD COUNCIL ROSTERS UPDATES

Code of Conduct Training:

Board Member Suspensions - Profiles

Upon review of our training records with the Department, we see that some Board Members have been out of compliance for longer than 30 days of their Code of Conduct expiration date, or we do not have information to support that they have completed the Code of Conduct agreement, including their signature, as of 30 days of

receiving their Cornerstone Board Member Training Portal login credentials. Pursuant to the Code of Conduct Policy, they have been notified that their Board Member status has been suspended. While suspended, they cannot act on any matter that comes before your Neighborhood Council and cannot be counted for the purpose of establishing a quorum of the Neighborhood Council. They have 30 days from the date of their notice to submit their signed Code of Conduct agreement in the Cornerstone Board Member Training Portal.

It is in the Department's interest to avoid the need to progress to the next step, which is to remove the board member from service on your Neighborhood Council. We are available to provide individuals with assistance in this regard. If their Code of Conduct is not submitted within 30 days of this notice, they will be removed from the board.

If they would like to provide evidence of their Code of Conduct compliance, they should notify the Department and include any substantiating evidence by emailing rosters@empowerla.org.

The following Board Members have been suspended:

N/A

Civic Leadership Division:

SAVE THE DATE: Civic U 1.0 is returning this October!

The Department of Neighborhood Empowerment, in partnership with the Mayor's office and Cal State LA's Pat Brown Institute for Public Affairs, invites each Neighborhood Council to appoint board members to attend Civic U.

Civic U operates on the premise that when it comes to local government, a well-informed community will be a more active and engaged one. Civic U provides Neighborhood Council board members with the tools they need to better understand local government and become effective advocates for their communities.

Your Neighborhood Empowerment Advocate (NEA) will be in communication with your Board to inform you of how many board members your NC can appoint to attend. We are finalizing the dates and times of each session and will share that information, along with the registration link, as soon as it is available. We ask that you add the item to your next agenda and appoint board members who will be able to attend all three sessions in October. More information to come.

Reminder: Posting Requirements for Regular meetings vs. Special meetings

Your board has a **Regular** meeting date and time. You can find the information by visiting your neighborhood council page on our website (<https://empowerla.org/councils/>). If your NC has taken action to change your regular meeting date and/or time, please make sure to provide that update to your Neighborhood Empowerment Advocate so that the website will reflect the action taken.

As a best practice, each of your Committees should also set a regular meeting date. Doing so will help committee members and members of the public organize and plan their attendance ahead of time.

We understand there may be a time your NC or Committee will want to schedule a meeting outside of that regular meeting date/time. A meeting held outside of the regular meeting date/time of the Board or Committee is called a **Special** meeting. Your bylaws should specify whether your NC may hold special meetings.

An agenda for a regular meeting must be posted *at least* 72 hours before the meeting is scheduled to start. Meeting agendas for special meetings must be posted *at least* 24 hours before the meeting is scheduled to start. NC's must follow all posting requirements, this includes posting to your physical location, submit to NCSupport@lacity.org for posting to the City's Early Notification System (ENS), and posted on the NC's website.

Please keep this in mind when planning and preparing for regular and special meetings. Meeting agendas should not be titled "Special" meetings if the meeting will be held on the regular meeting date/time and/or to make up for a missed posting deadline. Work with your Neighborhood Empowerment Advocate if you have any questions.

The Empowered Virtual Governance Hybrid Workgroup introduced a [comprehensive report](#) on the first phase of work to the Board of Neighborhood Commissioners (BONC). The BONC will discuss the recommendations at their August 15th meeting.

Awareness and Engagement Division:

On July 16, 2022 70 NC members attended EmpowerLA's Engagement Strategy Plan Town Hall. The presentation gave an overview of this year's Engagement Strategy Plan, Marketing/ Communications plans and support as well as next steps. **Over 85% of respondents to the evaluation rated the A&E Town Hall as either satisfied or very satisfied that it met their expectations!**

Follow up materials from the town hall will be shared the week of August 15. The packet will include complete answers to all questions submitted during the town hall Q&A, as well as a copy of the presentation and the session recording.

We appreciate the feedback and questions you provided during the 7.16 Town Hall dedicated to this effort. The evaluations are positive, with our favorite comment being "*The process is developing in a way that I feel we are being heard. We all have different needs and it sounds like we are able to custom make marketing and engagement tools that will work best in our regions.*"

Meanwhile, as promised at the town hall, the form to collect your NC's details for our upcoming NC awareness and participation marketing campaigns is linked below in our Communications Division section.

Policy and Government:

Board of Neighborhood Commissioners: New leadership; August 2 meeting canceled

Welcome to new **Commission President Ray Regalado** and new **Vice President Joy Atkinson** and congratulations on their new roles! This training implements one of the requirements of [CF 20-0990](#). The training will be on demand training and available on your Cornerstone portal by the end of the calendar year.

Congress of Neighborhoods

The 2022 [Los Angeles Congress of Neighborhoods](#), the largest annual gathering of Neighborhood Councils, is taking place on **Saturday, September 24, 2022**, via Zoom. The theme of this year's event is **"The Future of LA: Celebrating our City."**

Communications:

Digital Communications Policy trainings in August + September

Thanks to the Neighborhood Council leaders who joined us on July 28 for the first workshop in our **NC Digital Communications Policy training series!** There are two more sessions offered in August and September where you can get a plain language, practical overview of the policy and learn best practices for implementing the policy before it takes effect on **October 4, 2022**. Session details are below.

The sessions start with the basics of what every NC member should know in using digital channels like social media, then move into a discussion of recommendations and tips for NC administrators managing their NC's social media accounts, websites, or newsletters.

You'll have the chance to ask questions about the policy and how it applies to you and your NC's accounts and your work during the event registration, as well as during the live sessions.

Wednesday August 31, 2022

6:30 - 8:00pm

RSVP at <http://tiny.cc/DigitalCommsTrainingRSVP>

Zoom details will be sent to the email address used for RSVP.

Saturday September 24, 2022

This session is at the virtual **Congress of Neighborhoods**.

Job call

The Department is hiring, and one of the open roles will support the Communications Division! If you like to write, please check out the job call for **Inclusive Engagement Advocate II** in the Administrative Division section of this Update.

Call for NC details for marketing campaigns

Please fill out our **NC Marketing Profile form**, and tell us how we can connect your NC to stakeholders engaged by the NC awareness marketing efforts the Department is launching:

<http://tiny.cc/NCMarketingProfile>

As we explained during the marketing presentation at the recent Engagement Strategy Plan Town Hall, we want to ensure that individual NCs benefit directly from our marketing. If we're advertising to get people involved with their NC, our campaigns are not successful unless we can connect them with you!

That's why we're asking for info from you and your board on how the Angelenos who respond to our print, radio, and digital engagement efforts can get involved with your NC as meeting participants, newsletter subscribers, event volunteers, or committee or board members.
