WILDFIRE'S ARE HERE - THE LATEST INSURANCE DATA

Plus critical information on the state of La Nina and summer/fall wildfire forecasting

The "MySafe:LA Los Angeles County Fire Safe Council" will be hosting a virtual meeting on wildfire preparedness on June 20, 2024. The meeting will start at 7:00 PM (Pacific) and is expected to end around 8:30 PM (Pacific). Participants can ask questions by using the digital hand-raising option provided in Zoom. For those joining by telephone, dial *9 to activate the "raised hand" option. All participants are required to keep their microphones on mute unless they are called upon to speak.

For questions regarding the JUN 20, 2024 meeting, or for information on future meetings, please visit: www.mysafela.org/wildfire/ or email us at info@mysafela.org

AGENDA CONTINUES ON PAGE 2

1. **Call to Order**, Advisory Board Roll Call, Code of Civility
 2. **Opening Remarks** (Board Chair & Executive Director)
 3. **The Latest FIRE Insurance Status:** We are thrilled to announce that Rob Obedoza, an esteemed representative of the California Department of Insurance, will be joining us for an insightful session. This presents a crucial opportunity to gain in-depth knowledge about the rapidly evolving fire insurance landscape and the potential emerging options. Furthermore, there will be a dedicated Q&A session, allowing participants to engage directly with our expert from the Department of Insurance. This promises to be an enriching and informative experience.
 4. **Wildfires are back! How hot will the summer and fall be?:** In recent weeks, California has been experiencing a series of dangerous wildfires. The Corral Fire in Northern California serves as a warning for the entire state. Areas once full of lush vegetation have become potential fuel for fires. The recent outbreaks in Los Angeles, Riverside, and San Bernardino Counties indicate that this year could see a significant increase in wildfire activity. El Niño is history, and La Niña is already showing signs of impacting our weather for the remainder of the year. It's crucial to take proactive measures now.
 5. **Fire Notification News:** Are you concerned about being informed about wildfires near you? Recent technological advances have led to the development of informative and timely smartphone apps. Today, we will discuss the advantages of using one of these new apps, explain how easy it is to use, and how it could be invaluable the next time a wildfire occurs.
 6. **Fire Safe Council Announcements:** This summer is going to be incredibly busy! MySafe:LA will be working closely with the Los Angeles City Fire Department and other public safety agencies to host important wildfire safety fairs in Los Angeles. We're excited to share updates on L.A. area HOAs in the process of becoming Fire Safe Councils or NFPA Firewise sites.
7. **Adjournment**

MySafe:LA Information for the Public

MySafe:LA, as a covered entity under the Americans with Disabilities Act Title II, does not discriminate based on disability. We provide reasonable accommodations for equal access to our programs, services, and activities upon request.
